

Let us bring you balance

iGBTM

A data community designed for the management, distribution and analysis of Gas Balancing data.

STATEMENT

COMPLIANCE

Achieve Operating Agreement compliance by simply dropping a file!

MANAGEMENT

Access all Operated and Non-Operated statements on a single platform. Export PDF or CSV.

REPORTING

Export the Close Report or let us build the custom report you need.

DECIMAL

Compelling Gas Balances to get closer to zero can be an exhausting and frustrating task. You configure rates, thresholds, keep whole and swing parties and then let iGB Decimal do the hard work to get your balances to zero.

ALERTS

iGet notified when you have a new non-operated well, ownership changes, wells cease to produce and anything else you desire. Alerts drive effective and focused Gas Balancing management.
